§10–1008.

Any person may feed wild waterfowl at any time under the authority of this subtitle without applying for or obtaining a license if:

(1) The area in which the feeding is done is an area where the hunting of waterfowl is not contemplated or done; or

(2) Where the hunting of waterfowl is contemplated or done the feeding shall cease and all food put out shall have been consumed or removed at least 10 days prior to the opening of the waterfowl season and the feeding may not be resumed until 1 day after the close of season.
